## PROFESSIONAL SUMMARY

---

Aspiring full-stack developer with hands-on experience in building and deploying web applications using MERN stack and Firebase. Developed scalable projects featuring authentication, dashboards, and real-time data handling. Seeking an internship to apply and grow practical development skills.

## EDUCATION

---

**B. Tech[Information Technology]** **2023 - 2027(Pursuing)**  
AET's St. John College Of Engineering and Management Mumbai

## PROJECTS

---

**Expense Tracker** | React, Firebase [Live](#)

- Developed a full-stack expense tracking web application with Google Authentication and user-specific data storage
- Implemented real-time transaction updates using Firebase Firestore
- Built dynamic filtering system (daily, weekly, monthly) with interactive dashboard and charts
- Designed responsive UI with category-based expense breakdown and insights

**Ecommerce Store** | MongoDB, Express.JS, React, Node.JS [MERN] [Live](#)

- Built a full-stack e-commerce platform with user authentication and session management
- Implemented RESTful APIs for product listing, cart management, and order processing
- Designed MongoDB schema for efficient storage of users, products, and orders
- Developed core features including cart system, checkout flow, and product management

**Portfolio - Personal** | Next.js & Tailwind [Live](#)

- Built a portfolio using Next.js and Tailwind CSS with ongoing improvements.

## PARTICIPATIONS

---

**Skill Gap Analyzer | WebCade Hackathon (Innov8ors)** [Live](#)

- Collaborated in a team to build an AI-powered platform for analyzing skill gaps based on user input
- Integrated OpenAI API to generate learning resources, certifications, and personalized recommendations
- Developed resume analysis feature to identify missing skills and suggest improvements
- Implemented AI-based mock interview chat system for interactive practice

## TECHNICAL SKILLS

---

**Languages** | C++, JavaScript, Python

**Frameworks** | React, Next.js, Express.js, Node.js

**Developer Tools** | Visual Studio Code, Vercel, Render, Github

**Database** | Firebase, MongoDB, Cloudinary

## CERTIFICATES

---

**Critical Thinking in the AI Era - HP LIFE** [Link](#)

- Applied critical evaluation techniques while building AI-based Skill Gap Analyzer project

**MERN Stack Training (Industry Certification)** [Link](#)

- Completed MERN Stack training with Grade O through an industry certification program.
